

Keeping Our Students Connected

There were no amendments to the proposal; the proposal **PASSED**.

Lead Officer – VP Welfare

SU President emailed the University on 19.Feb.21 to request a meeting to discuss the issue. The University responded via email to say

“Unfortunately, the University does not have the resources to implement nor to provide ongoing support to another system particularly when there are others available that provide similar functionality and therefore, we are not in a position to implement Zoom for the University or the SU. If there are issues that you are experiencing in using our current provision then I would certainly recommend speaking to IT Services and CELT in order that they can help you with a solution.”

There is no further update.
